House Bill 2087

In 2022, House Bill 2087 passed and requires state agencies to systematically review all their regulations on a continuous five-year cycle. Each state agency shall submit a regulation progress report to the Legislature every fifth year on July 15. The first KSBHA report is due July 15, **2026**.

Regulation Review Process

This process starts with KSBHA attorneys reviewing all existing regulations to determine if current regulations meet the standard of:

“An identifiable public purpose to support state law and may not be broader than is necessary to meet such public purpose.”

Over time, the LAc Council will be involved in this new process by reviewing, discussing, and proposing amendments to LAc regulations. As in the past, the LAc Council will send proposed regulation amendments to the Board and the Board will make all final decisions.
